CAMPAIGN FINANCE &
PUBLIC DISCLOSURE BOARD

The Minnesota Campaign Finance and Public Disclosure Board

Dear Mr. Sigurdson:

Because of my travel schedule and job obligations I received this request for additional information, dated April 7th, on Tuesday April 12th when I returned home from an out of town meeting. Also as part of my job I will need to travel out of town again on Friday April 15th for a board meeting and conference. Additionally, I'm meeting with my accountant regarding the filing of my income tax returns. Realizing my participation in this inquiry is voluntary, I'm making every effort to be timely and accurate and fully forthcoming with the information you are requesting to satisfy the complaint you received.

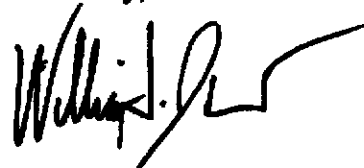

The bank document dated March 29, 2010 is the first full cycle bank statement received after opening this account on February 22, 2010. I have included a copy of my bank statement (2/22/10 to 2/25/10), (Exhibit A), which reflects deposits of \$100.00 to open the account and \$50.00 from TCF as a thank you interest credit, for opening my account. On February 25, 2010, I had a deposit of \$1,900.00 added to the account which included contributions and a loan to my campaign.

Regarding the alleged luncheon at Brooklyn Center High School, I had requested a room for meeting with my campaign team and meeting with supporters. After checking with the convention chair regarding the availability of a room, the only space available was a corner within the cafeteria. There was no charge for this space. Food was provided such as cupcakes, muffins, chips, sandwiches, fruit, water, juices, coffee and sodas. All of the food items were purchased and prepared by Ms. Spight on my campaigns behalf. She was also asked to purchase, prepare and cater food for a Thank You Event held at my home for my volunteers and supports, after the endorsing convention (2/27/10) adjourned.

With respect to the Meet and Greet notices, these items were hand distributed when I went door to door to visit over 100 delegates to this endorsing convention.

I hope this additional documentation and amended report enables the committee to fully see all of my transactions as it relates to this short campaign for endorsement.

Sincerely,

William J. Davis
